

National Care Service

Island Communities Impact Assessment Online Sessions

Wednesday 18 September 3pm – 4pm
Thursday 19 September 1pm – 2pm

The Scottish Government is holding online sessions in September as part of the development of the National Care Service.

These sessions are for island communities to share their views on social care, social work, and community health support. They are open to all. We welcome people with experience of using or delivering these services. This includes unpaid care.

Use the link below to sign up to one of the sessions. Please note you do not need to attend both sessions.
